

The Greater Kansas City Regional Christian Church (DOC) camp and conference committee are working hard to plan a fun, spiritually renewing, and safe environment for everyone attending Disciples of Christ Camps at Tall Oaks in 2024. As part of this commitment, our summer camp program provides a Camp Nurse at each session, and we are in search of a professional (s) to serve at our camps this summer.

The Camp Nurse position attends and participates in as many camp activities as they desire. To serve as a Camp Nurse the person needs to be licensed or certified as an RN, LPN, MD, EMT, or similar training. Primary responsibilities include but are not limited to:

- Reviewing medical information and food allergies of each camper and counselor before camp, along with the Camp Director and Tall Oaks Food Service Coordinator
- Tracking and dispensing medications (RX and OTC) and nebulizer treatments as appropriate
- Performing basic first aid as necessary
- Assisting in transporting injured camper/staff to a local hospital/urgent care if necessary

The Camp Nurse will have private lodging and all meals are provided with campers in the dining hall, in addition to the beautiful grounds of Tall Oaks Camp & Conference Center. The Camp Nurse will receive \$140 per full day worked and \$75 per half day worked.

Please email your resume along with your availability to our Camp and Conference Coordinator Kylie Graham at gkccampcoordinator@kcdisciples.org

Our Camps:

- Day Camp 1 (1st & 3rd graders) June 15
